There are all completely different formulas and strategies for determining the proper worth in your ebook. Let's start with honing in in your ultimate goals.

Resolve if your objective is to get huge distribution and maximum exposure. This goal is geared toward drawing clients to your corporation or service, or to establishing the credibility of your reputation. If this is your principal purpose, it's best to purpose to maintain your value on the low side. Some authors have even priced their ebooks at a revenue loss to draw a high number of new customers. The bottom line is to discover a price that maximizes your profits and the number of books you sell.

If you want to see large earnings over customer draw, intention for an audience that's in search of easy solutions to their problems at a low price. In case your e-book is aimed toward solving one explicit drawback reasonably than basic recommendation, then you'll be able to charge more. Start on the highest value the market will bear to bring in the largest profits, and plan to low cost the e book a number of occasions all through the year.

Marketing Strategies

sales and promotional materials, and every time anybody asks you about your ebook.

Make sure your sales copy is exactly the identical on every page, and consists of your promoting-deal with sentence.
