Do this by creating a sales page for the new e-book, however don't include a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out costs by making a variety of duplicate gross sales pages with totally different costs on each page. Make sure your gross sales copy is precisely the same on each

web page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum price is.

In the end, in the event you've written a e book that solves a problem or presents a new method, your book will herald each traffic and profits.
