An effective technique for figuring out a value is to send out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new e-book, but do not embrace a price on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out costs by making a number of duplicate gross sales pages with different prices on each page. Be sure that your gross sales copy is exactly the similar on every

page, and consists of your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum worth is.

Ultimately, in the event you've written a e book that solves a drawback or presents a new approach, your e book will usher in both traffic and profits. So you should definitely write that promoting-deal with sentence that sums up what drawback your guide solves and what the benefits of your 1017 e-book will likely be to the shoppers who buy it.
