piece of sales and promotional material, and each time anybody asks you about your ebook.

An effective approach for determining a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by creating a sales web page for the brand new ebook, but do not include a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Make certain your sales copy is exactly the same on each page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum value is.
