One is to give something away for free together with your guide, resembling a priceless bonus item. Or bundle several ebooks below one value, which lowers the value for every ebook in the event that they have been offered separately.

An effective technique for figuring out a worth is to send out a survey to your current customers. If these customers have already bought an book from you, ask for their opinion in terms of price. Do that by making a sales web page for the new ebook, however don't include a worth on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Be sure your gross sales copy is precisely the similar on each page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum value is.

Ultimately, should you've written a e-book that solves a downside or presents a new method, your guide will herald each visitors and profits.
