If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the brand new ebook, however do not embody a worth on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with completely different prices on each page. Be certain your sales copy is precisely the same on each web page, and includes your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum value is.

In the end, in case you've written a guide that solves a downside or presents a new technique, your e-book will herald both site visitors and profits.
