If your book is geared toward fixing one explicit downside slightly than basic advice, then you'll be able to charge more. Start on the highest worth the market will bear to herald the largest profits, and plan to discount the book a number of times all through the year.

Do this by creating a gross sales page for the new ebook, but don't include a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to test out prices by creating a variety of duplicate sales pages with different costs on every page. Ensure your sales copy is strictly the similar on each web page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum worth is.
