The key that unlocks the gross sales potential of your e-book is to find a single sentence that becomes your selling handle. This sentence states what query or downside your e-book answers and the advantages your e-book can provide. Then be sure you use that sentence in every piece of gross sales

and promotional material, and each time anyone asks you about your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with completely different prices on every page. Make certain your gross sales copy is strictly the similar on each page, and contains your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. This will let you know what your optimum worth is.
