price. Do that by creating a sales web page for the new e-book, but don't embody a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is strictly the similar on every page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum value is.

In the end, in the event you've written a book that solves a downside or presents a new method, your e-book will herald each site visitors and profits.
