One other strategy is to check out costs by making a variety of duplicate gross sales pages with different prices on each page. Make certain your sales copy is strictly the similar on every web page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. It will let you know what your optimum value is.

Finally, for those who've written a guide that solves a problem or presents a brand new technique, your e book will bring in both site visitors and profits.
