An effective method for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new e-book, but do not embrace a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by creating a number of duplicate gross sales pages with totally different prices on every page. Be certain that your gross sales copy is strictly the

identical on each page, and includes your promoting-deal with sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This will inform you what your optimum value is.

In the end, when you've written a guide that solves a problem or presents a brand new technique, your e-book will usher in each traffic and profits.
