In addition to promoting your books assiduously on-line, there are a number of different methods that can provide help to sell more books.

One is to present something away free of charge along with your ebook, corresponding to a beneficial bonus item. Or bundle several ebooks under one price, which lowers the value for each ebook if they had been sold separately.

An efficient method for figuring out a value is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the new e-book, but do not embody a value on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to check out costs by making a number of duplicate gross sales pages with different prices on each page. Be certain that your gross sales copy is exactly the identical on

each web page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum worth is.

Finally, for those who've written a e book that solves a problem or presents a brand new method, your book will herald both site visitors and profits. So you should definitely write that selling-handle sentence that sums up what drawback your ebook solves and what the advantages of your 824 guide will be to the shoppers who purchase it.
