An efficient method for determining a price is to ship out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion in terms of price. Do this by making a gross sales page for the brand new ebook, but don't embrace a worth on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by creating a variety of duplicate sales pages with different prices on every page. Ensure your sales copy is strictly the similar on every web page,

and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum worth is.

Ultimately, if you happen to've written a e-book that solves a downside or presents a new technique, your ebook will usher in each site visitors and profits. So make sure you write that promoting-handle sentence that sums up what problem your e-book solves and what the advantages of your 996 guide might be to the purchasers who buy it.
