An effective method for figuring out a value is to ship out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a sales page for the new book, however don't embrace a value on that page. As an alternative, add numerous links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by making a variety of duplicate sales pages with different costs on each page. Make certain your gross sales copy is precisely the same on each page, and

includes your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum price is.
